LinkTag – Phoenix AFC Order Form

This form was designed to assist you in ordering the correct LinkTag components for the Phoenix AFC system. Please enter the number of each component required in the "Number to order" column. When complete, include this order form with your purchase order. If you have questions, please contact ICS technical support at 972-642-6800 x3.

Part Number	Description	List Price	Minimum Required	Number to order
LTR1-A	LinkTag Reader module for Phoenix Systems	$299.95	1 per system	
The LinkTag programmer is an optional unit used for reading and programming LinkTags. If this unit is not ordered, LinkTags can be programmed at the factory for no extra charge.				
LTP1-PHX-A	LinkTag programmer and software package for Phoenix systems.	$499.95	Optional	
	A system tag is included with the programmer to set the system ID number for programmed LinkTags. Please enter the system ID number of your Phoenix AFC system.		*ID#*	
Keyfob style and Card style LinkTags can both be used on the system at the same time. Please indicate how many of each are required for your system.				
LT1-KS-A	LinkTag for Phoenix AFC system, Keyfob style	$4.99	One per vehicle or driver	
LT1-CS-A	LinkTag for Phoenix AFC system, Card style	$4.99	One per vehicle or driver	
	Card Style LinkTags may have up to 4 lines of information printed at no extra charge. Please fill in one letter in each block below to indicate the printed text. Card/Tag numbers will be printed automatically.			

If you would like to have the above LinkTags factory programmed, please indicate below the system ID number of your Phoenix AFC system, as well as the range of card numbers required for each Keyfob style and Card style LinkTag. If the card numbers are not sequential, please provide a text file containing a list of card numbers to be programmed.		
Phoenix AFC system ID number	ID#	
Card number range for Keyfob style LinkTags	From	To
Card number range for Card style LinkTags	From	To
